NAZAF AFA is growing to be one of the most reputable industrial and transport waste management services in Saudi Arabia. We endeavour to provide the best service, fair and competitive prices by staying tuned to the markets, trends and being respectful of our customer's needs.

We specialize in dependable transportation services with well-trained, professional drivers in the field.

Our Services

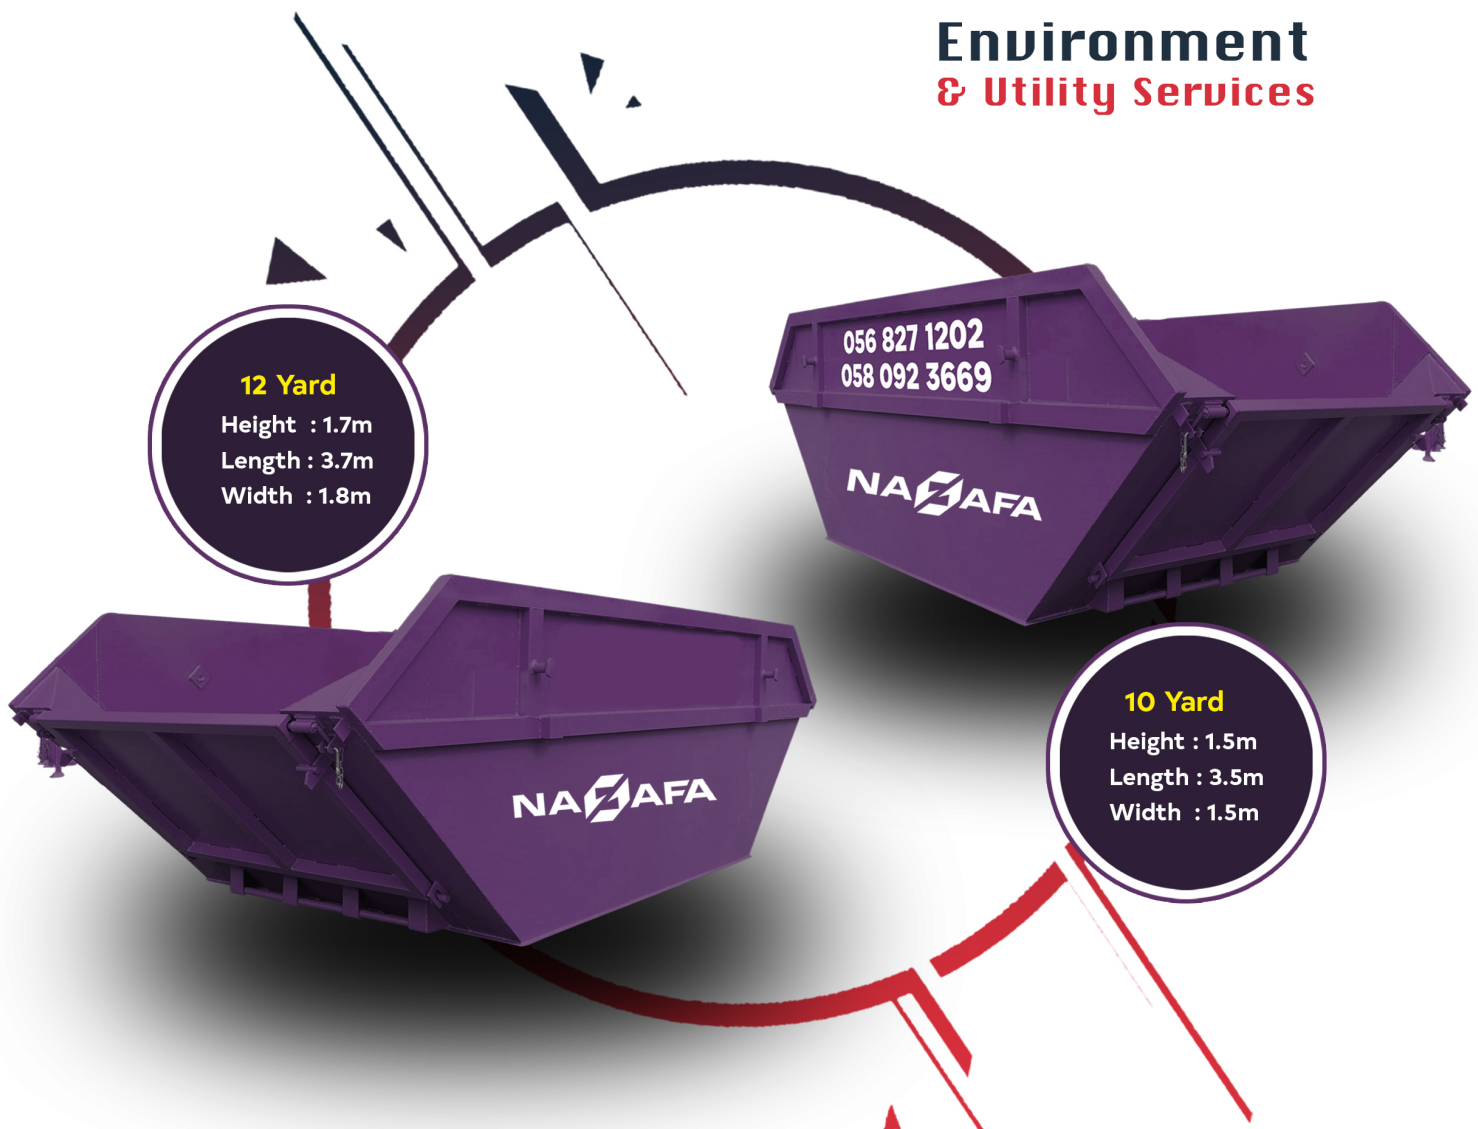

Dry/ Solid Waste Transport:

NAZAF AFA custom-designed and manufactured waste skip containers to meet specific customer needs. Our fleet typically offers waste skip containers in sizes ranging from **9 yards to 40 yards**. Additionally, Nazafa offers site waste audits and valuable advice to help clients optimize their on-site waste management. We have various types of trucks to carry these Skip containers.

10/12 Yard Skip:

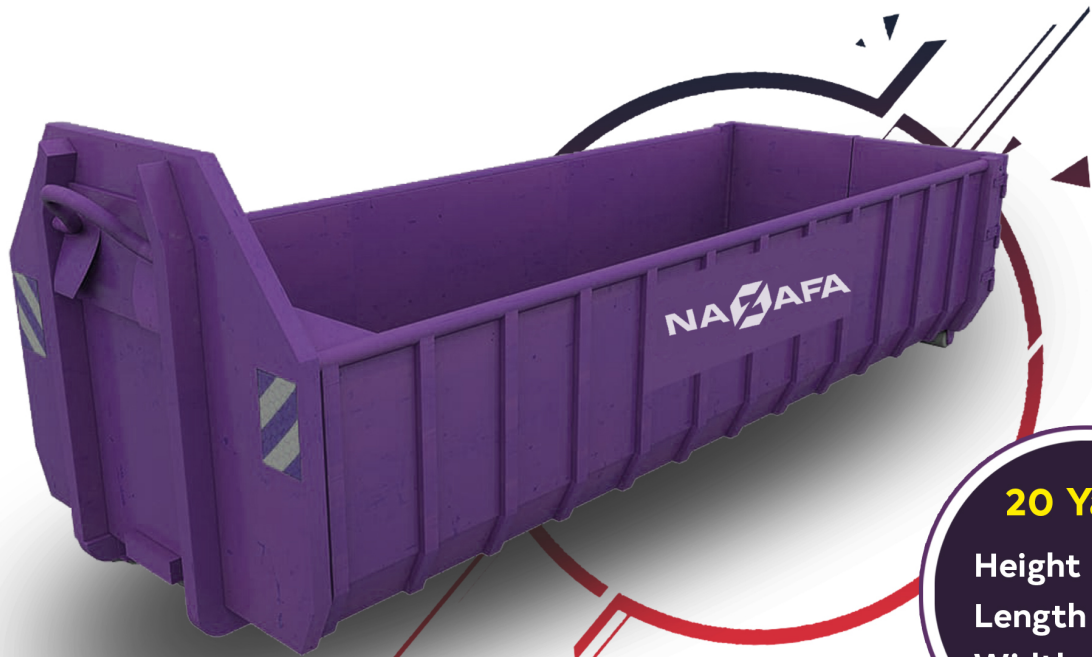

These popular **10/12 Yard skips** are ideal for disposing of bulky, light weight waste, these skips are the perfect choice. These skips are suitable for off-road use, due to their size. Our **10 yard skips** do not have a drop down door. Please be aware that these large skips are always in high demand, so be sure to book early to avoid disappointment.

Environment & Utility Services

20 Yard Skip:

When you will be producing a large amount of waste, you will require a large skip. The largest skips available are roll-on roll-off skips, which have a unique shape and require a specialist loading truck. 20-yard skips are popular on large construction and industrial sites, where a considerable amount of waste is produced.

20 Yard

Height : 0.93m

Length : 5.50m

Width : 2.10m

30 / 40 Yard Skip:

Liquid Waste Transport:

We as company provide full service on hazardous and non-hazardous industrial waste removal of sewage water and sludge by vacuum compressors and qualified drivers undersigned of government rules, regulations and agreements approved by Baladia department.
